Objective:

To obtain a position as a team player and to grow as a leader in a people oriented organization where I can maximize my customer service experience in a challenging environment to learn, explore and achieve the goal.

Work Experience:

June 2017- Till date	Tech Analyst , Skava- Infosys, Coimbatore.
June 2014- Dec 6, 2016	Senior Systems Engineer,Infosys
Project	Microservices using Spring Boot, Data Migration using Node JS, React JS Front End Development, DB to DB data migration using Pentaho,iOS App Development.
Platform & Tools	Spring Boot, Xcode, Eclipse, Visual Studio, Pentaho.
Language & Skills	Java, BPM based microservice, Objective C, Swift , sqLite, Js, JQuery, Node js, React Js, Mongo DB, SQL.

Experience in Skava:

1. Created Microservices using Java and Spring boot.
2. Worked on e-commerce platform. Created microservices like **Catalog, Order, Merchandising, Promotion**
3. Used **BPM model** like camunda for API flow.
4. Front - End Developer for one of the biggest client Kraft sites using React JS.
5. Created E-commerce iOS applications both Wrapper and Native.
6. Integrated 3rd party payment tools for cart checkout.
7. Worked on Node JS and Data Scrapping from site using **jquery** for data migration activities.

8. Created front end project using JS and React Js.
9. Used Pentaho for data integration  DB to DB data migration.

Experience in Infosys :

The app is created for a sports team where the live score, live streaming and updates would be happening **real time**. The main feature of the app is IoT(**Internet of things**) for which **beacon(Proximity Sensor)** is used that can be accessed through **Bluetooth**. I mainly worked on the news feeds, Proximity sensor, **Selfie and e-Ticketing**.

- Developed various **SDK'S** for proximity using wifi and Bluetooth using **CoreLocation Framework**.
- Both iBeacon and Wifi were used for IoT(**Internet of Things**)
- Created **Development and Distribution Certificates** for sharing the app within the team members or customers for which a **Provisonal profile** is created.
- Worked on **Crashlytics** for checking the crashes in the app while launching and running.
- Creating modal classes to optimize the project.

Educational qualification:

Degree	Institute	Year of passing	Percentage
B.tech. ECE	Karunya University	2014	8.68
Higher secondary	Stanes Higher Secondary School, Coonoor.	2010	92
10th Grade	Mrs.Bullmores matric. School, Coonoor.	2008	89.4

Training:

1. Bharat Sanchar Nigam Limited(BSNL)

December 2011- Trained on TELECOM systems.

2. Tech Innovates

May 2013 - Trained on Embedded systems with hands-on.

Infosys Training :

Java, Software Engineering, Networking C++.

Project during College : Robotics-Pick and place.

Anti-Sleep Alarm.(Final Year Project)
